2.01 RENTAL RATES:

It is understood and agreed upon that the rental rates specified on the unit price sheet are based upon defined hours of the lessee's right to possession of and maximum use of the equipment rented. Hours are defined on the following rental bases as follows:

- A. Daily Basis - Any use up to a total of eight (8) hours. Additional hours will be pro-rated according to eight (8) hour days.
- B. 5-Day Weekly Basis - Any use up to a total of five (5) days, eight (8) hours per day. Additional hours will be pro-rated according to five (5) day weeks.
- C. 20-Day Monthly Basis - Any use up to a total of twenty (20) days, eight (8) hours per day. Additional hours will be pro-rated according to twenty (20) days/month.

2.02 RENTAL PERIOD:

The rental period shall begin on the date and time of acceptance of the equipment by the lessee and shall end at the time and date of the lessee's verbal or electronic mail notification to the lessor that the equipment is no longer needed. If the lessor chooses to delay picking up the equipment, thereby leaving it on the lessee's property an additional day or more beyond the daily, weekly or monthly rental period, he/she may do so as long as this is mutually agreeable between the two parties. However, there will be no additional charge for the equipment to the lessee once the lessor is notified that the equipment is no longer needed.

3.00 EQUIPMENT:

3.01 CARE:

The lessor shall use reasonable care to see that the equipment is in proper working condition before shipment to the lessee. It is not to be actually operated or tested unless such operation or test is deemed necessary by the lessor or unless the lessee shall request such operation or test results in writing. In the event of notice to the lessor by the lessee that the equipment is not in good, safe and serviceable condition and fit for use upon its arrival, the lessor shall

have the obligation to put the equipment in good, safe and serviceable condition within a reasonable length of time. If this cannot be done by the time use of the equipment is required by the lessee, then the lessor will provide a different but similar piece of equipment to the lessee for its use.

3.02 MAINTENANCE:

The lessor agrees to maintain the specified equipment in good operating condition throughout the term of the rental agreement and shall perform such maintenance and repair in accordance with the manufacturer's instruction. The lessor further agrees it will perform such maintenance including fuel (if the equipment is operator equipped), lubrication and the installation of replacement parts and components, as the lessee may deem necessary for the preservation of such equipment. The lessee will not be responsible for any rental charges while the equipment is down and not operating due to maintenance by the lessor.

3.03 RESPONSIBILITY:

The lessor must accept full and complete responsibility for providing equipment that is in excellent operating condition, capable of performing and adequate to perform the tasks identified by the lessee. The lessor also must accept full responsibility for providing licensed, qualified, experienced operators (where indicated on the unit price sheet) who can operate the equipment. The lessee will not accept responsibility for any equipment or other damage or failure caused by the lessor's failure to provide equipment or operators capable of performing the tasks specified. Although the lessee will provide general supervision, the lessee will not be responsible or liable for operator negligence. In addition, the lessor agrees to defend, hold harmless and indemnify the lessee from and against any or all claims arising out of the acts or negligence of the lessor, its agents or employees.

3.04 MOBILIZATION:

This delivery and set up fee will be allowed for crawler/track type equipment.

Each bidder must indicate mobilization fees on the unit price sheet, where appropriate. Any mobilization fee(s) deemed by Monroe County to be excessive could be cause for rejection of the bid. The fee represents round trip delivery service from the lessor's place of business to the Monroe County work site.

Equipment (i.e. rubber tire loaders), normally transported by lowboy trailer, will require rental of the lowboy trailer.

3.05 DELIVERY:

All equipment must be delivered to the Monroe County work site (as specified by the ordering agency) within four (4) hours of the verbal request of the lessee. The lessor may charge the lessee only the mobilization fee associated with that particular piece of equipment (if applicable). No other delivery/travel charges will be allowed. Rental requests must be honored 24 hours/day, 7 days/week.

3.06 OPERATORS:

Prices bid are for equipment without operator unless otherwise noted on the unit price sheet. Should the lessee require an operator, the lessor must provide the operator within the delivery time frame specified and must pay applicable New York State Prevailing Wage rates, wages and supplemental benefits at a minimum.

3.07 OPERATOR HOURLY RATE:

The lessor will be paid for the number of hours actually expended at the job site times the labor rate per hour as bid. Overtime rate will be defined as time and one half of the hourly rate after eight (8) hours per day and on Saturdays (1.5 x labor rate per hour). Double time will be defined as double the hourly rate for Sundays and holidays (2 x labor rate per hour).

3.08 FUEL:

Delivery and return of all equipment shall be with a full tank of fuel. The lessor will assume responsibility for fueling operator-equipped equipment during the rental period. Delivery of fuel by the lessor to the work site may be required and must be at no additional charge to Monroe County. The price of the fuel will be determined by the current market rate and will be added to the invoice as a separate item billed in gallons. The Bidder is required to submit fuel price updates to Monroe County. Fuel prices can be adjusted on a monthly basis only. The lessee will be responsible for fueling equipment provided without an operator.
